Scope & workflow

Standard package includes

One destination platform and reasonably complete supplied files. Organization, basic cleanup, record preparation, authorized upload and checking. Product counts refer to standard base records.

Quoted separately

Complex variants, image editing, PDF extraction, missing-data research, additional platforms and API integrations. Over 1,000 products: custom quotation.

Maintenance

$199/month: up to 2 hours. $399/month: up to 4 hours. Additional approved work: $100/hour. All prices in CAD, plus applicable taxes.

Automated preparation

CSV or XLSX intake: field checks, starting-package match, draft CSV, report and saved project status. Problems are flagged; missing information is never invented.

Payment & publication

Small pilots prepaid; larger-project deposits agreed in writing. Moneris is not connected. No automatic billing. Customer-system publication requires authorization and compatible access.

Before starting

A starting price is not a final quotation. Scope, taxes, costs and timing must be confirmed. Same-day publication is not guaranteed.

US pricing / USD

100: $385 / 500: $1,310 / 1,000: $2,315. Maintenance: $155 / 2 h; $310 / 4 h monthly. Extra: $80 / h. Before applicable taxes.
